MYM Nutraceuticals Inc. Receives DTC Approval, Allowing US Investors to Trade Shares Under the Symbol MYMMF

Vancouver, B.C., June 16, 2017 – **MYM Nutraceuticals Inc.** (CSE:MYM) (OTC:MYMMF), is pleased to announce today that it has been made eligible for DTC electronic settlement and transfer of its common shares in the United States under the OTC symbol MYMMF.

This approval opens MYM up to the most important and influential investment market on the planet. Current US law has prevented American cannabis companies from going public, making it very difficult for Americans to invest in the rapidly expanding multi-billion-dollar cannabis industry. Due to its progressive cannabis laws, Canada has become the Mecca for cannabis investment worldwide. MYM not only has a foothold in Canada but is expanding into the US and internationally to build a global brand.

"We are very pleased to be trading on the US market as it will provide our American investors with timely news and information to help them better analyze, value and trade our securities," said Rob Gietl, CEO of MYM. "Without a US symbol it is difficult for Americans to buy shares in a Canadian company. This removes that barrier, and is very timely for MYM as we are currently in talks with several US companies in the cannabis space."

MYM shares trade in Canada, Germany and the USA under the following symbols: (CSE: MYM) (OTC:MYMMF) (FRA:OMY) (DEU:OMY) (MUN:OMY) (STU:OMY)

MYM is continuing to negotiate acquisitions of complimentary businesses and assets in the technology, nutraceuticals and CBD sector, and is currently in talks with other innovative companies to ensure a strong presence and growth potential within the industry.
