Preferred Dental Technologies Inc. ("Company") (CSE: PDT):

### **Preferred Dental Technologies Inc. provides Corporate update**

President and CEO, Erik Siegmund recently return from a tour of Preferred Dental Implant Corps'. (PDIC) US based manufacturing and fulfillment partners and reports the following.

After reviewing the latest work performed at the ISO 13485:2003 certified manufacturing plant, progress on final prototypes and drawings for the new collars for the Company's patented EAS component system is well advanced, and completion of the final stages can be expected ahead of projected schedule. These transmucosal collars are specifically designed to fit the following major manufacturers: Zimmer, Astra Dentsply, Straumann and 3i. All product names referenced herein are trademarks of their respective companies.

Protocols and procedures for proper labeling, packaging, product tracking and ID'ing are also well underway and should be completed ahead of schedule. The Company is also nearing completion of its product catalogue for all items. These milestones bring the ability to commence commercialization and sales of product into focus for the near future.

Additionally, Mr. Siegmund was able to discuss several new vertical development opportunities which are complimentary to the EAS product offering with these partners and hopes to provide further details regarding progress in the upcoming months.

### **About PDT**

Preferred Dental technologies Inc. (PDT) has been established to advance development and commercialization of various evolutionary and disruptive technologies in the dental implant industry. PDT's first entry into this market is the successful acquisition of Preferred Dental Implant Corp (PDIC) which will operate as a wholly owned subsidiary of PDT. PDIC is the developer and innovator of the EAS series that provides a solution for custom dental abutments for dental implants. Designed by an experienced dental lab technician, the EAS supplies a solution not currently available by any other dental implant Company.
