CSE - PDT

Preferred Dental Technologies Inc. (the "Company") (CSE: PDT):

Preferred Dental Technologies Inc. announces it's EAS product is being included in presentation at Dental Learning Systems, LLC, Newton Massachusetts – Attachments and Implants, The Bar Overdenture Attachment-Cosmetic and Functional Treatment Planning Solutions by Dr. George Bambara MS., D.M.D. on June 23, 2017.

Dr. George Bambara MS., D.M.D. stated "I have included introduction of the EAS product with the apparent benefits in my presentations for some time. Attending dentists are aware this product is soon coming to market and many have expressed an interest in the product as soon as it is available. In particular in addition to the commercial product launch, I am particularly excited on collaborating further on additional applications in dentistry as it relates to hybrids and fixed removable appliances. The universality of the EAS is ideally suited to make a significant impact in this sector."

About Dr. George Bambara MS., D.M.D

Dr. Bambara is featured in the following Dental Speaker Directories:
Dentistry Today, Dentistry Today Magazine, Dental Podiums

Dr. Bambara is on faculty at the Rutgers School of Dental Medicine and holds Fellowships in the American College of Dentists, the International College of Dentists, and the International Academy of Dento-Facial Esthetics. He is an Adjunct Assistant Professor at the College of Staten Island and is a member of the American Dental Association, the New York State Dental Society and the Richmond County Dental Society, where he served as President in 1998.

Dr. Bambara lectures nationally and internationally on attachment prosthetics and has been selected as one of the "Top Clinicians in Continuing Education" from 2005 to the present by Dentistry Today magazine. Dr. Bambara publishes articles on attachment dentistry and has authored a chapter on Precision and Semi-Precision Attachments in the recently published textbook Contemporary Esthetic Dentistry. Dr. Bambara was inducted into the College of Staten Island Hall of Fame in 1997.

Mr. Erik Siegmund, CEO of the Company and President of (PDIC) commented:

"PDIC is proud to work with world renowned lecturers such as Dr. Bambara, as we have throughout our development cycle. The EAS series continues to draw favorable attention from industry opinion leaders, reflecting PDIC's commitment to innovative dental solutions."

About PDT

Preferred Dental technologies Inc. (PDT) has been established to advance development and commercialization of various evolutionary and disruptive technologies in the dental implant industry.

PDT's first entry into this market is the successful acquisition of Preferred Dental Implant Corp (PDIC) which will operate as a wholly owned subsidiary of PDT. PDIC is the developer and innovator of the EAS series that provides a solution for custom dental abutments for dental implants. Designed by an experienced dental lab technician, the EAS supplies a solution not currently available by any other dental implant Company.
