

## NEWS RELEASE

### **SecureCom Mobile Inc. Announces Agreement to Acquire 100% of Intellectual Property Relating to SecureCom Products**

**Vancouver, B.C., January 13, 2015** – SecureCom Mobile ("SecureCom", "the Company") announces that it has reached agreement with SecureCom Plus Limited of Hong Kong, the licensor of SecureCom products, and such other related Vendors to acquire a 100% interest in the SecureCom Intellectual Property ("SecureCom IP") that the Company currently has under a marketing license with SecureCom Plus Limited.

The Company will issue to SecureCom Plus Limited a total 3.6 million restricted common shares valued at \$0.50 per share as consideration under the SecureCom IP asset purchase agreement. The agreement is subject to standard closing conditions and final execution, which is expected to complete before the end of the month.

SecureCom currently has the exclusive rights to the SecureCom IP for the United States, Canada and continental Europe for a 15 year term via license subject to a 5% royalty to SecureCom Plus Limited (the "Product License"). The Product License arrangement is superseded upon closing by the new asset acquisition giving the Company exclusive worldwide, unfettered 100% ownership to the SecureCom IP in perpetuity, extending the scope of product development, distribution, sales and marketing options on a global basis. The new agreement also cancels all royalties previously due (5% of gross revenues as defined in the original license agreement).

#### **About SecureCom Mobile Inc.**

SecureCom Mobile™ develops and markets consumer software and hardware encryption communications products for mobile phones, tablets, and computer-based platforms. Its technology enables people to communicate, in complete privacy, with ease, using voice, text and data messaging. The Company employs cryptographically strong algorithms and protocols to shield communication from surveillance and analysis. Its encryption scheme cannot be circumvented by mobile carriers or other parties, thereby ensuring total privacy.

SecureCom Mobile™ products are developed for the Android and Blackberry platforms, and are expected to soon be available for the entire slate of popular OS platforms.

SecureCom Mobile Inc. trades on the Canadian Securities Exchange under the symbol SCE and Frankfurt Stock Exchange under S6U, WKN#: A12CAR.
